

Amend Page 4, Section 4, lines 11 and 12 as follows:

Section 4. **Membership.** The CPC will consist of 15 members, including a Chair designated by the Mayor. All 15 members will be appointed by the Mayor and confirmed by the City Council.

There will be one member from the Seattle Police Officers Guild (SPOG) and one member from the Seattle Police Management Association (SPMA). The remaining nine members will be selected from applicants who reside or work in Seattle. It is the City's goal to select nine members representative of Seattle's diverse population by selecting equally qualified members from all communities including minority, ethnic, and faith communities, student and youth organizations, and any other community organizations reflecting the overall population demographic of Seattle residents. An applicant's race, sex, color, ethnicity, or national origin will not be used to select a less qualified applicant over a more qualified applicant; however, among equally qualified applicants consideration should be given to have gender balance on the CPC. The CPC membership will include residents from each of the five geographic police precincts.
